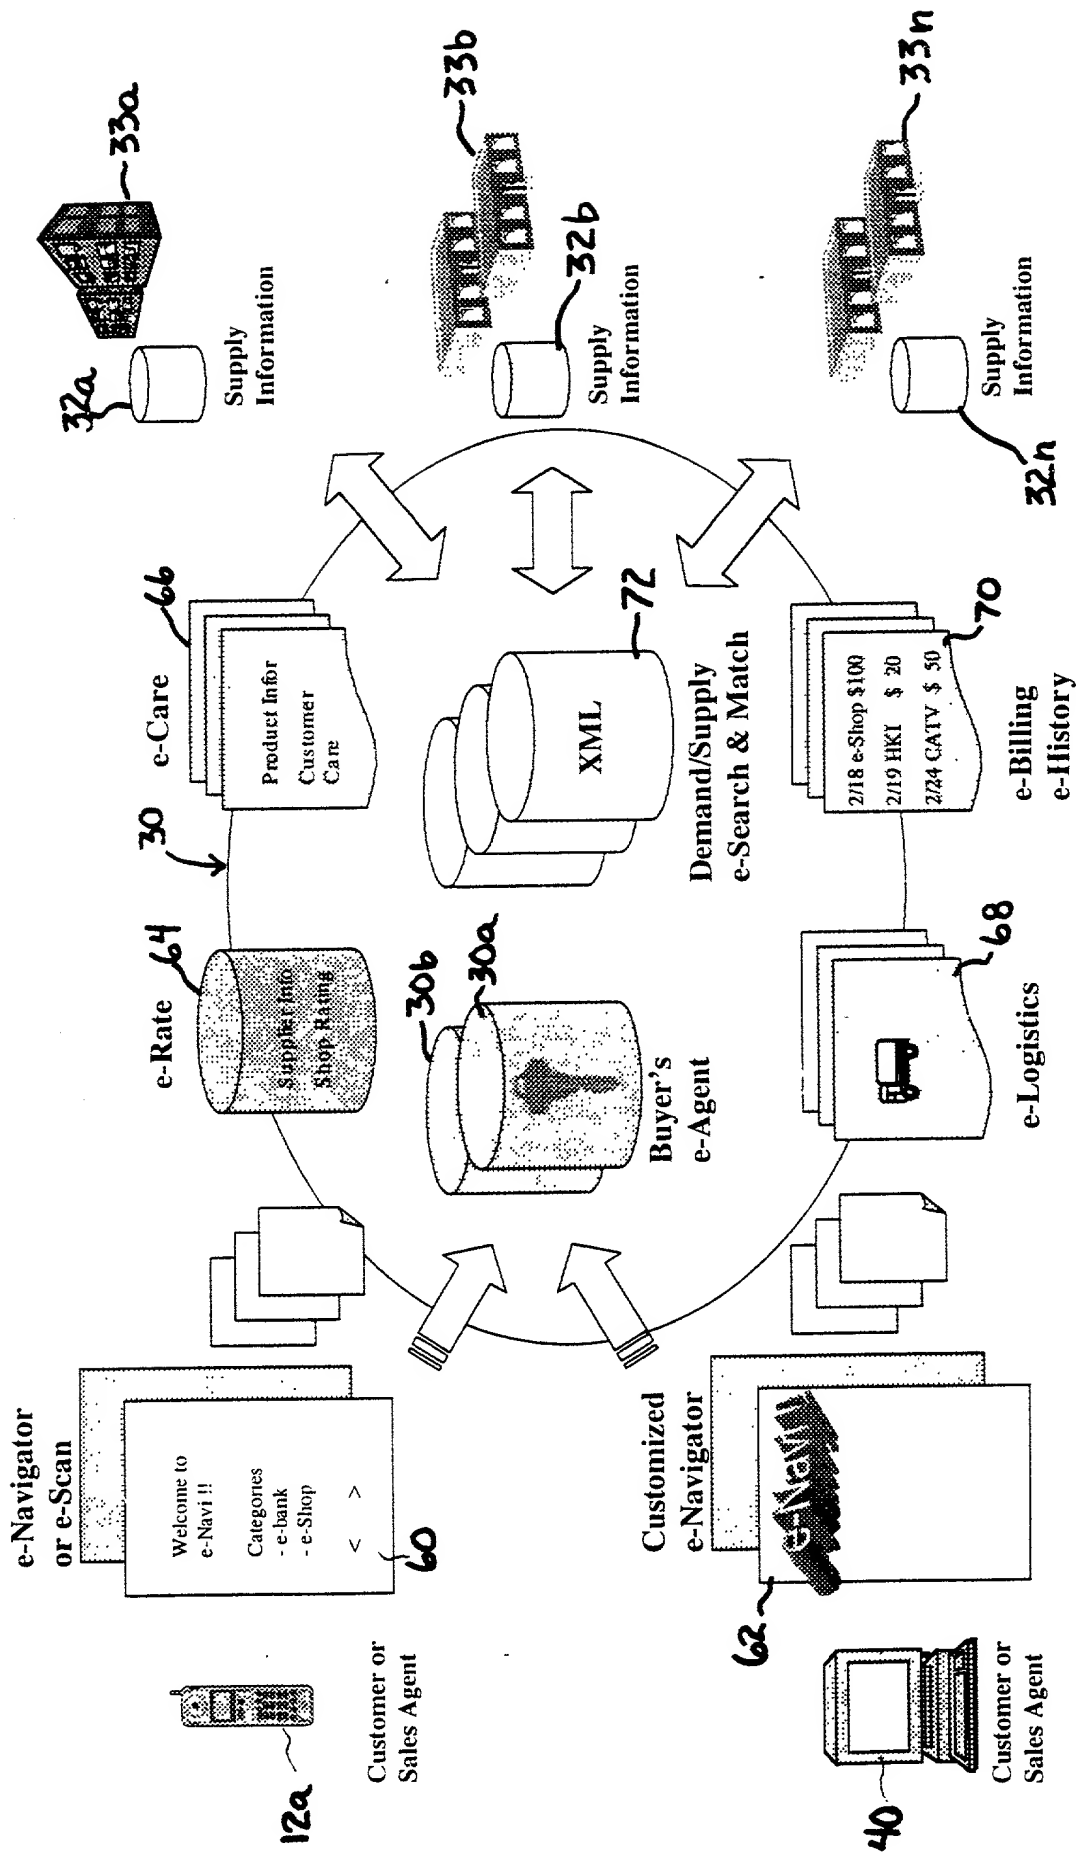

FIGURE 4

FIG. 5 is a block diagram of an e-commerce system. The system includes a Buyer's e-Agent, a Demand/Supply e-Search & Match, and an Escrow. The Buyer's e-Agent is connected to the Demand/Supply e-Search & Match, which is connected to the Escrow. The Escrow is connected to a Credit Card, a COD home, and a COD @ CVS. The system also includes Supply Information and XML data.
